

Pilot Club of Charlotte gives \$50,000 to research

On Friday, June 13th the Pilot Club of Charlotte with Pilot's International President Judy Breaud, presented a \$50,000 check to Dr. Kathleen A. Welsh-Bohmer, Director of the Joseph and Kathleen Bryan Alzheimer's Disease Research Center at Duke University Medical Center. This generous gift was made possible from proceeds of Pilot Club of Charlotte's annual Love Lights

Finding a cure becomes more crucial as 78 million baby boomers are approaching the age of greatest risk for Alzheimer's. Every 72 seconds, someone in the United States develops Alzheimer's. Working together to fund research, we hope one day we will find a cause, treatment and cure for this devastating disease.
